

Abbildung 3: Zyklische Rotationen der Sequenz [A, T, G, C]

Alle $n = 4$ Rotationen statt $4! = 24$ Permutationen

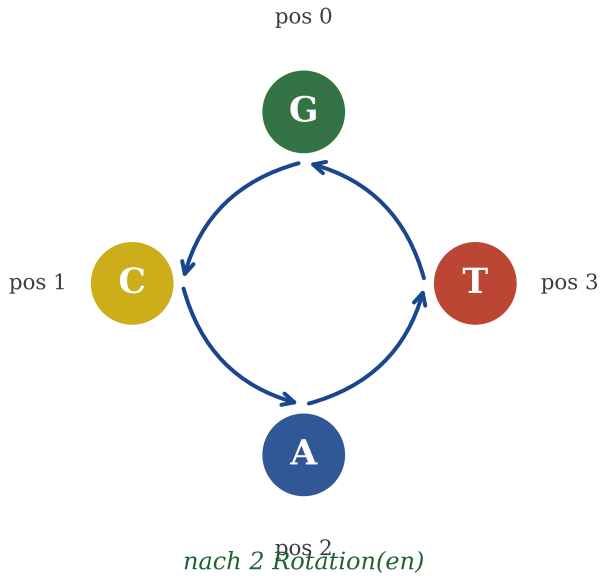

Rotation $r = 0$: [A, T, G, C]

Rotation $r = 1$: [T, G, C, A]

Rotation $r = 2$: [G, C, A, T]

Rotation $r = 3$: [C, A, T, G]
